Door to door collection / delivery service available

TEL: 01905 821686 www.witsendkennels.co.uk

We are fully licensed and insured, cater for dogs of all ages, sizes, breeds and temperaments. We offer standard & luxury boarding options, short or long stays + Doggy Daycare. Dave Shaw (professional Dog Trainer and Behaviourist) also offers his expertise on site, if required as optional extra

ABOUT THE KENNELS

We opened in 2009 - our mission to provide quality facilities and excellent care for your dog, offering physical and mental stimulation for each dog so they would thrive here. We treat this as a holiday for dogs while their owner's are away.

We have grown steadily with several blocks now, consisting of a main corridor, individually controlled heated room's coming off that corridor to cater for varying needs of each dog, and a kitchen/ utility area. Each dog has access from their internal room to their own well sheltered & UVC protected external yard. Single & double standard rooms and larger luxury suites are available. Surroundings are secure, bright & friendly. Music plays 24/7 for relaxation. Lots of TLC is assured.

Dogs are exercised twice daily (standard) either lead walking or ball play in one of our secure paddocks, or our Courtyard for fun and games. Extra exercise is given as part of our luxury package. Training can also be incorporated into your dog's stay with us if you wish, based on your specific needs. This can be for all or part of their stay. Please see price list

Grooming is part of the day's routine, giving your dog another trip out to our grooming room for a brush over and fuss. We also offer a bath – see pricelist. Please advise of any skin allergies.

Beds, bedding, toys, treats etc. are all provided, as are bowls, brushes, towels, leads, muzzles etc. We have everything here. If you wish to bring belongings for your dog, please keep it minimal as we like to wash things on a boil wash for hygiene.

We feed Waggy dry food & tinned meat (if required). Should your dog be on a special diet or have a delicate stomach, you are welcome to send their own food + instructions.

TO BOOK

You can book by phone or email (answer-phone is on most of the time). Please leave details of exact dates you wish to book, your name, the dog's name and breed, and contact details. We will return your call / reply as soon as we possibly can. Further details are completed on our admission forms, which we can email you in advance or you can do on arrival

Your dog must be vaccinated against distemper, parvovirus etc., and cannot be accepted into the kennels without an up to date vaccination record. We do not insist on kennel cough vaccine, although always recommend it. Please ensure kennel cough vaccinations are given in plenty of time, at least 3 weeks before the dog is due to come in. Any doubts or queries - consult with your Vet. We hold no responsibility in the unlikely event that your dog does contract kennel cough as this is like a child catching a cough & cold at Nursery.

2 DAYS BEFORE

Please contact us to inform us what time you will be dropping off your dog/s during our opening hours, or to arrange a collection / delivery time between 10.15am – 5.15pm so that we can plan each day effectively.

ON THE DAY

Please bring/ have ready the vaccination card. Payment can be made on arrival or departure – see price list for details

Admission forms must be fully completed/ updated and signed so we have current information on site during your dog's stay at all times. Vet details, consent forms and emergency numbers are essential. These details will not be passed on
